

# Today's English Class Report

Today, we studied some important **grammar tenses**: the Past Perfect Continuous, the Past Perfect, and the Past Simple.

## Past Perfect Continuous

This tense is used to describe an action that was ongoing in the past before another action took place. For example, "I had been studying for two hours before I went to bed."

## Past Perfect

The Past Perfect is used to talk about an action that happened before another action in the past.

For example, "She had finished her homework before the class started."

## Past Simple

This tense is used for actions that happened and finished in the past.

For example, "I visited my friend yesterday."

We also worked on **vocabulary** related to positive traits, negative traits, natural traits, and relationships (specifically friendship).

## Vocabulary

- **Positive traits:** For example, friendly, honest, hardworking.

- **Negative traits:** For example, lazy, dishonest, selfish.
- **Natural traits:** These refer to characteristics a person is born with, like being creative or quiet.

We also completed some exercises that helped us practice using these tenses and vocabulary in different contexts.
